

Be My Friend

_____ won't you be my friend?
_____ won't you be my friend?
_____ won't you be my friend?
_____ won't you be my friend?
_____ won't you be my friend?
_____ won't you be my friend?
_____ won't you be my friend?
_____ won't you be my friend?

Won't you come along and join my little song
All you have to do is stand and clap your hands
Won't you come along and join my little song
All you have to do is stand and clap your hands
