

Clifford's Puppy Day Theme Song

One Puppy two Puppy on a Bed
The littlest one has fur that's red

I'm kind of new
So I'll stick with you
I like new places
Seeing lots of new faces
And before this day's through
We'll make good friends like you

Three puppy four puppy five puppy six
Clifford is up to brand new tricks

I might be small
But I'm on the ball
I might be little
I might get stuck in the middle
But there's one thing we know
Love makes little things grow

Yea, love makes little things grow
