

# Columbus, A Great Crazy Sailor

In the middle of the month of October  
We take a break...  
To remember  
A great, crazy sailor  
Who came all the way from Spain  
In three little ships  
The Nina, the Pinta  
And the Santa Maria  
Christopher Columbus was his name

In the middle of the month of October  
Just when it starts...  
Growing colder  
The falling leaves remind me  
Of a time so long ago  
In 1492  
When Columbus first came to America  
He wanted to get to Old India  
But he got here and discovered something new  
In the middle of the month of October...
