

Forever And Ever

Forever and ever
Is a very long time, Pooh

Forever isn't long at all when I'm with you
I wanna call your name forever
And you will always answer forever
And both of us will be forever, you and me
Forever and ever

I wanna stay like this forever
If only I could promise forever
Then we could just be we
Forever you and me

Forever and ever
Forever and ever
Is a very long time, Pooh

Forever isn't long at all, Christopher
When I'm with you
I wanna be with you forever
I want you right here beside me forever

One thing you should know
No matter where I go
We'll always be together
Forever and ever.
