

Song Of Freedom

Ring, O bells, from ev'ry steeple!
Tell the story far and near;
Let the breezes bear your echoes,
Freedom's natal day is here.
Fire the guns and shout for freedom,
See the flag above unfurled!
Hail the stars and stripes forever,
Dearest flag in all the world.

Ring, O bells, and shout, O people,
Float, O flag, from sea to sea!
We, thy children, rally 'round thee,
Hail, O flag of liberty!

Float, O starry flag of freedom!
Flag our fathers died to save;
He on whom your shadow lingers
Never more can be a slave.
May "Old Glory" float forever,
High o'er vale and mountain crag,
See her stars on ev'ry ocean,
One dear country, one dear flag!

Ring, O bells, and shout, O people,
Float, O flag, from sea to sea!
We, thy children, rally 'round thee,
Hail, O flag of liberty!
