

# Wake Up!

Little Boy Blue come blow your horn. The Sheeps in the meadow; cows in the corn. Where, O where; where can he be?

So, wake up. Get out. You know what I'm talking about. So, don't wait, or, be late. There is so much to be done.

Little Boy Blue begged another try. He said, not to worry. He'd get it right. But, slumber got the best of him ; came in late

So, wake up. Get out. You know what I'm talking about. So, don't wait, or, be late. There is so much to be done.

So, learn a lesson from the boy, named, Blue. There's no time for nappin'. No time to lose. You'll never start, if you don't

So, wake up. Get out. You know what I'm talking about. So, don't wait, or, be late. There is so much to be done.
